

Tender Reclaim Project 2017

Phase 4 Red and Purple Pupils worked for a term with Tender Reclaim; a charity working with young people to prevent domestic abuse and sexual violence by promoting healthy relationships based on equality and respect.

After the project the pupils could inform others about what they had learned through role plays, interviews and making posters (see below). These they distributed around the school to tell others about how what to do if you are worried about a relationship and to remind themselves.

Two of the pupils took part in a television documentary about healthy relationships.

Early warning signs to an unhealthy relationship

1. They say that they will do something to themselves if you don't do what they say.
2. They are putting you down
3. They make you do something you don't want to do
4. They keep you waiting.
5. They control where you go and who you see.
